

## Permission to travel in Vehicle

Participant's Name: \_\_\_\_\_

Generally there is at least one adult leader for each four participants in each vehicle with the exception being when the church van or a multi-passenger vehicle is being used. In such cases the ratio can be as high as 1 adult for 10 students.

For regularly scheduled local events such as a Bible study at church or in a home where students drive themselves and pick up other students along the way, no student/adult ratio will apply.

In a medical emergency the customary adult/student ratios may be set aside as other adults will need to remain with other students.

Occasionally an activity such as LIFE groups or Triads the customary adult/student ratio could result in a leader being the only adult in the vehicle with a student.

I give my permission for my child/youth to travel in a vehicle operated and occupied by only one adult.
